

# COECC - Curriculum Committee

M

College of Education Curriculum Committee has responsibility for oversight, review, and initial approval of all proposed curricular changes within the COE. In addition to college-level review of course changes and new programs such as majors, minors, certificates, and graduate specializations, the committee is tasked with periodic reviews and proposed revisions to the existing COE curriculum policies. When necessary, the committee shall draft new policies and procedures in response to changes in other University and COE policies, program and course requirements, curricular practices, and related administrative structures.
